Chief Approves Police Survey

Councilmen Walk Out During Stormy Session

The Albany City Council developed into another stormy session Monday night, climaxing with walkouts by all members except Councilwoman Mrs. Kathie Zahn.

During the quieter moments of the 45-minute meeting, a letter was read from Police Chief Stanley Williams assuring the Council that he would cooperate in a survey of his department.

Williams previously had protested the survey unless all other departments in the city were included. The Council on June 16 contracted with the Public Administration Service of San Francisco to conduct the survey, but without consulting with Williams on the matter.

Reversing his stand on the issue, Chief Williams granted permission for the survey but at the same time he strongly criticized the Council for not consulting with him.

In his letter to the Council, Williams stated that "owing to the very nature of certain phases of police work there is a certain amount of confidential information which must be kept inviolate." However, he added, all of the information the survey service has requested "is a matter of public record at the present time, and the greater part is embodied in the monthly and annual statistical reports which have been regularly submitted to the Council."

Except for press notices and records of Council proceedings, Williams said that he received no official communication regarding the employment of the Public Administration Service. "May I suggest that in the future, proper procedure be followed in directing such requests for information to my office," Williams said.

He pointed out that the former practice of maintaining a proper liaison between the Council and Police Department might have avoided the necessity of hiring an outside agency.

Mrs. Zahn then launched a verbal attack demanding to know why certain warrants were not included in the customary resolution for payment of claims.

Three minutes later Councilman Jerome Blank declared "if this wild ranting doesn't cease, I think we should walk out on this lady."

Then Councilman William Donahue called for an adjournment of the meeting. Without waiting for a second he picked up his paper and walked out of the chambers. Blank followed. Mrs. Zahn continued her verbal blast.

"Let's get down to business and forget the stage show," Mayor Lewis Howell ordered.

After Blank and Donahue returned, the Council passed resolutions appointing Ralph Jensen probationary inspector and giving him inspector's pay retroactive to June 1.

The Council also approved a warrant for $265 to cover Chief William's legal fee in the recent court action regarding police appointments. The $331 bill was cut down $75 to pay only for legal services rendered after the writ of mandamus was filed.

Mrs. Zahn then charged that the city was buying too much fertilizer. During her discussion she stated that 6600 pounds was bought in two months, part of which she claimed was "cheap stuff" and the rest "not even fertilizer."

Still protesting the bill for fertilizer at 8:40 p.m., Mayor Howell commented that "she is off her rocker" and walked out of the meeting. Councilman Edward Combs was close behind him. Vice-mayor Donahue presided for the remaining five minutes.

NEWLY ELECTED officers and directors of Albany Junior Chamber of Commerce for the coming year are shown at installation ceremonies. Left to right, seated, are Robert J. Foley, first vice-president; Mickey Etingoff, president; and Herman Vandenberg, second vice-president. Standing, left to right, are Henry Vila, director; Gerald DeMaria, secretary; Arthur Weinberg, treasurer; James Tamura, director, and past president Sol Rindsberg, director.

Joe Villa to Head Crusade Business Drive

Joseph Villa, prominent Albany merchant, will head the Albany district business campaign in the 1953 United Crusade.

His appointment was announced this week by Lester J. Divine, Oakland police chief and chairman of the district business department, and Harold W. Olson, Albany community chairman, for the United Crusade.

"With enthusiastic and determined volunteers like Joseph Villa, I believe we will capture the interest and support of our businessmen this year," Divine said. "Last year's district business participation was low. Our records show only 22.3 per cent participation by our small business firms as compared to approximately 75 per cent participation by large industry. We are determined to push the 1953 record up toward the 100 per cent mark."

The Albany chairman will head a force of district business volunteers who will contact Albany business firms with fewer than 10 employees during the October United Crusade campaign. The United Crusade is the fund-raising organization for more than 85 health, welfare and youth organizations serving all East Bay communities.

Villa, operator of a chain of retail food stores, has lived all his life in Albany and attended local schools. Active in community affairs, he is past president of the Albany Rotary Club, and since 1947 has been a member of the board of directors of the Albany YMCA, one of many East Bay youth agencies receiving United Crusade funds. Villa is also a member of the Chamber of Commerce, the Merchant's Association, and the Republican Finance Committee.

THESE TWO BABY GIRLS were left alone in an Albany home three days before Albany Police discovered the pathetic sight in a debris-littered bedroom. Police entered the house last Friday night after an anonymous person phoned saying a child had been crying a long time. The youngsters, found filthy and hungry, were taken to Alameda County Juvenile Hall. Police conducted a week-long search for the mother, who returned home early Wednesday morning. She was taken to Highland Hospital for protective custody, police said. GAZETTE

Lions Club Hears Talk on Street Tree Planting

Members of Albany Lions Club today know more about the planting of trees after hearing an expert on the subject at the regular dinner meeting Thursday evening.

The speaker was Keith Davey of the Davey Tree Surgery Co., who was presented through efforts of program chairman Bill Stahlberg. Henley Worthington, district manager of Pacific Gas and Electric Co., made the introduction.

Davey, the third generation to head the company which bears the family name, is interested in seeing the "right tree planted in the right place." He is working with PG&E officials whose problem is one of trees interfering with power lines.

"Many cities have made the mistake of planting the wrong trees so that their beauty is offset by the hazards they create," said Davey. "A street tree grows in a different environment than a yard tree. It has far less room for its roots."

Davey said that the California pioneers brought tree cuttings out with them—usually the elm and other large trees. When the automobile came along with its accompanying paved streets there was not enough room for trees with large root systems.

A folder published by the PG&E was distributed among members illustrating types of trees which can be planted along streets without causing much damage to sidealks, curbs, streets and power lines.

The speaker also gave directions for the proper planting of trees which he said were often ignored.

The Lions, with a tree planting program in mind, were keenly interested in what Davey had to say, said President Carl MacWilliams, who presided over the meeting.

Albany Jaycees Launch 'Pot O' Gold' Program

The Albany Junior Chamber of Commerce today launched its second annual "Pot O' Gold," a coupon book of 30 outstanding buys in local stores.

The trade promotion book which proved so popular last year has been increased to 30 "real values" this year including discounts up to 20 per cent in some stores, according to President Mickey Etingoff.

Among some of the bargains listed in the book, valid between August 1 and October 31, are free bowling and golf games, theatre tickets and dinners, along with large discounts on tires, furniture, televisions and appliances, groceries, drugs and drygoods.

"Proceeds from the $1 donation for each book will be returned to the city through the Jaycee's active civic and child welfare programs," said Etingoff.

The coupon books are now available from members and participating merchants, and a door-to-door campaign will be conducted beginning next week.

Art Weinberg is serving as "Pot O' Gold" chairman, and assisting him on the committee are Sol Rindsberg, Lee Schultz, Bob Foley and Leroy Middlekauff.

Merchants cooperating with the program include Albany Bowl, Albany Furniture, Albany Theatre, Alert Cleaners, American Florist, Allison's Restaurant, Bernard's Stationery, Bert E. Hill Union Oil Station, Child's Wardrobe, Cornell Shoe Repair, Denham's Department Store, Eagle Tire Service, Foley and Bonny, General Hardware, Hollfelder's Jewelry, and Howard's Motor Sales.

Lennox Photo Studio, The Lexicon Store, Mary's and Joe's Department Store, N. P. Reckas Hi-Fashion, Sam's Prescription Pharmacy, Tilden Regional Golf Course, Villa's Markets, West Hardware, Will and Joe's Union Service and Zinman's Department Store.

Enrollments Open In Several Adult Summer Classes

Additional enrollments are being accepted today in several of the adult education classes being offered at the Albany High School building during the summer session which extends through August 29, according to Robert G. Dennis, principal.

The registration fee is $1 for the summer term and all classes are open to children over 12 years of age with the exception of swimming.

Elementary and high school students are not required to pay the registration fee for summer courses, but must provide their own supplies.

Dennis pointed out that the opening of adult classes to young students during the summer has several purposes. It gives them an opportunity to make constructive use of their leisure time; it makes possible a study of certain subjects that might not be offered in the regular day school, and offers an opportunity to develop interests in various constructive fields.

Enrollments are being accepted in the following courses:

Applied arts, bookkeeping and accounting, braided rug making, business arithmetic, creative art, dressmaking and tailoring, knitting, machine calculation, millinery, pottery and mold makng, shorthand, swimming, typing, weaving, woodshop and furniture refinishing.

For additional informaton of the summer program, call LAnd. 6-6441 days, LAnd. 5-7131 evenings.

TV NEWS

By MILT BLANCHARD

A new high in televiewing was recorded in New York on a recent Monday night . . . when the "I Love Lucy" show was seen by more than seven million people in the New York area alone. Experts say this is the greatest audience ever to witness any television program broadcast by a single station, in this case the CBS New York outlet, WCBS-TV.

On June 14th, Ed Sullivan celebrated the fifth anniversary of his "Toast of the Town," marking 260 consecutive Sunday night TV shows that have made the "unsmiling Irishman" one of TV's most popular emcees. Ed has introduced a lot of new talent for the first time on his show . . . and chances are he'll be creating many more TV "firsts" in the years to come.

The day of reluctance on the part of Hollywood film stars to enter the TV sweepstakes is over. Latest list of stars ready to enter television in a big way includes Fred MacMurray, Arlene Dahl, Barry Sullivan and Van Johnson . . . and there are many more to come.

Jimmy Nelson, the ventriloquist who's acquired a following of his own doing commercials on the Milton Berle show, will have a show of his own next year, and won't be back with Berle. If ghosts or other reception problems mar your TViewing, call us. Whether it's set repair and adjustment or customized antenna service, our experience means economy for you at SKIP'S RADIO & TELEVISION SERVICE, 1553 Solano Ave. Phone LA. 5-4313.

This Is a True Case History

I SAVED $116.86 ON THE CAR I BOUGHT

"I made over a 50% down payment on a late-model car. I was told it would cost me $257.50 to insure the car and finance the balance of $700.00. Lucky for me I'd talked to a State Farm agent first, because I used the Bank Plan instead and paid an insurance and financing charge of only $140.74. I saved $116.86." (*One of many actual cases.*)

Many People Assume Finance Rates Are Standard

THEY ARE NOT!

The Bank Plan offers you two proven money-saving methods. *Low-cost* financing through a nearby bank and *low-cost preferred-risk insurance rates.* Get your own figures on the cost of the car you want and COMPARE them with Bank Plan costs FIRST! Call or see your State Farm agent BEFORE you buy.

Buy Savings Bonds — You Can Still Get $4 for $3

With an extension telephone, you save many steps during the day—and have a telephone handy to answer calls at night.

Extension Telephones Are Available Again!

For just pennies a day, you can have a time-saving, step-saving extension in your home

Your home can now be a truly modern, "extra-telephone" home. For, once again, we're able to install extension telephones. Extensions, you know, require only additional telephones—not outside cables and wires and central office facilities. With the convenience of an extension, you add still more value to the telephone in your home. And the cost of an extension is small—just pennies a day.

How to order an extension telephone

It takes only a few minutes to order an extension. Just call your Pacific Telephone Business Office. And we'll be glad to arrange an installation to meet your special needs. Like all telephone service, an extension is high in value—low in cost.

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS

When the man of the house is a hobbyist, an extension is particularly useful. He can make—and receive—calls from his work-bench in the garage without taking time out to go into the house. In your home, too, you can have an extension in the kitchen, in the the den, in the bedroom—in any room in the house. Why not see about an extension for your home . . . soon.
